

Selectable Dusk to Dawn Security Light

PROJECT INFORMATION	
JOB NAME	
FIXTURE TYPE	Selectable Dusk to Dawn
CATALOG NUMBER	DDS3-8L
APPROVED BY	

SPECIFICATIONS

Construction:

Durable die-cast aluminum housing with powder coated gray finish. The housing is designed for greater heat dissipation which allows for lower operating temperatures which results in a brighter light, more stable color and longer LED and driver life.

Lens:

UV stable polycarbonate lens designed to provide high efficiency, greater footcandles and a large pattern.

Glare Free:

Positioning of the LEDs results in the light being directed to desire locations eliminating glare and offensive light.

Electrical:

Constant current, Class 2, 120-277 VAC, 50-60 Hz

Off-State Power: 0 Watts

LEDs:

Atlas LEDs provide higher lumen output, greater energy efficiency and more reliable fixture performance.

Delivers 70% or greater of initial lumens at 50,000 hours¹

Listings:

Luminaire is certified to UL/cUL Standards for Wet Locations
DesignLights Consortium qualified luminaire, eligible for rebates from DLC member utilities.

Testing:

Atlas LED luminaires have been tested by an independent laboratory in accordance with IESNA LM-79 & LM-80.

Mounting:

Suitable for pole or wall mount application, 1 5/8" diameter mounting arm. Mounting arm sold separately.

Photocontrol:

Built in photocontrol

Warranty:

Five-year limited warranty

DIMENSIONS	
Weight: 5.7 lbs.
